EDUCATION

Academy of Production Management
September 2024 - June 2029 (Absentia)

Moscow City, Russia, Bachelor's degree, Higher education, information systems and technology

Kotin Academy for engineering
September 2016 - July 2020

St Petersburg City, Russia, Secondary education, Engineering technology / Mechanical engineering

JS

EXPERIENCE

Salmon REACT NOW FINTEC
Philippines, Manila, Hybrid, Full-time, (1 year, 8 months)

Implemented a loan application, Migrated a huge piece of news that used to be on Tilda to a self-written solution in the form of Strapi CMS on the backend and with Next JS on the client. Improved CEO metrics, Caching requests using Redis. Developed UI-Kit components based on MU Material components in Storybook which covered unit and screenshot tests. Created many blocks in the CMS so that content managers can easily build pages for themselves. Wrote several plugins for the core part of Strapi (e.g. view-preview-block, reset-web-cache and duplicate-block-content).

Reelmotion Games VUE BTC
Bangkok, Thailand, On-site, Full-time, (1 year, 4 months)

Gained experience in team management and team leading. Created a couple of tables with infinite pagination and also developed several independent widgets such as: sidebar, ticker panel, etc. Covered the functionality of payment systems with unit/e2e tests. improved performance in lighthouse by 30%.

Crimtan ANGULAR B2B
London, United Kingdom, Remote, Full-time, (9 months)

Migrated functionality from AngularJs to the new Angular2+. Developed data analytics pages with charts, range inputs and reports on them. Improved typing for the back-end form engine, optimized the tree path and significantly increased the availability of the application

Java Mentor REACT EDUCATION
St Petersburg City, Russia, Full-time, Remote, (2 years)

Designed and developed user-friendly web application for educating people in the field of IT. Reduced bundle size by 50% and improve TTI metric by 20%. Created modal factory system based on React Portal and several independent widgets.
Was engaged in platform support for different roles, rewrote the legacy code to TypeScript.

Mentoring / Consulting
Апрель 2021 - Май 2023

Kata Academy react
St Petersburg City, Russia, Part-time, Remote, (2 years)

Helped hundreds of people in learning and understanding technologies such as js, html, css, react and so on by code reviews and personal meetings. Implemented 1-on-1 meeting.
Support students throughout their entire educational journey, giving them best tec advice about development. Assisted students with creating their schedules.
